Pharmacist Day- 25th September 2020

Innovative College of Pharmacy celebrated Pharmacist Day. Chief Guest of the event was Shri S.L.Nasa (Registrar, Delhi Pharmacy Council). All students took part enthusiastically in this event. The program was conducted in Innovative College of pharmacy, through online mode. Students participated in poster, oral presentation, debate and quiz competition.

“Transforming Global Health” is the theme of this year's World Pharmacists Day. The theme aims to show how pharmacists contribute to a world where everyone benefits from access to safe, effective, quality and affordable medicines and health technologies, as well as from pharmaceutical care services.

Orientation Programs (7th Nov 2020)

The Orientation for new entrants was held on 7th Nov 2020 at Innovative College of Pharmacy through online due to Covid Pandemic. The Orientation Programme was held to welcome the new students for the session 2020-2021 and to acquaint them with the beliefs and practices of the college. Emphasis was laid on the importance of education and the holistic development of each and every student. Further, the students were apprised with the rules and regulations of the college. It was conveyed to the students that they had an important role to play in the education of their own and also our collaborative effort would help in fulfilling the dreams we have.

Other Courses Offered B.A. LL.B (5 Years) & LL.B (3 Years)

Women's Day- 8th March 2021

International Women's Day (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call, Women stand at the front lines of the COVID-19 crisis, as health care workers, caregivers, innovators, community organizers and as some of the most exemplary and effective national leaders in combating the pandemic.

World Environment Day – 5th June 2021

Guest Lecture (Webinar) – Dr M. Dwarakanath

Topic- Ecosystem Restoration -Webinar

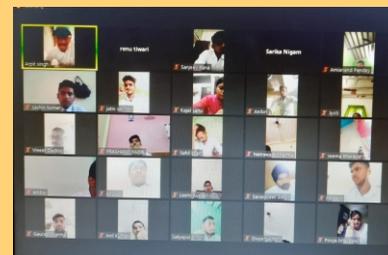

Restoration ecology is the scientific study supporting the practice of ecological restoration, which is the practice of renewing and restoring degraded, damaged, or destroyed ecosystems and habitats in the environment by active human intervention and action. Dr M. Dwarakanath discussed about the untoward effects on human health with the use of the polybag. He also discussed about the importance of conservation of Rivers. The river conservation programme was initiated with the Ganga Action Plan (GAP) in 1985. The Plan was expanded to include major rivers under National River Conservation Plan (NRCP). Students enthusiastically participated in poster and oral presentation. They also made beautiful and useful products from waste materials.

Guest Lecture (Webinar) - 06th June 2021

Topic- Drugs, Cosmetic and Medical Device Regulation in India

Speaker- Dr Shanthi Gunasekaran (Joint Drug Controller)

The standards of quality and safety of medical devices are regulated in India by a law called The Drugs and Cosmetics Act, 1940 ("DCA"). The scope of DCA is restricted to only those medical devices which are notified by the Government from time to time as drugs. Dr. Shanthi discussed with the students and answered the questions raised by the students.
